

Calf Assurance

Probiotic

Supplies an abundance of beneficial bacteria to out compete pathogenic bacteria

Fewer Scour Days

"MOS"

Binds to pathogenic bacteria and allows them to pass out of the calf's digestive tract

Improved ADG

Conditioner

Supplies micro minerals in a natural balance that enhance the calf's immune system

Reduced Calf Mortality

What can Calf Assurance Do?

- ✓ Reduce calf mortality rates
- ✓ Increase immunoglobulin (IgG) levels in the blood
- ✓ Increase mineral levels in blood
- ✓ Naturally inhibit harmful pathogen growth
- ✓ Replenishes beneficial gut microbes killed off by scours
- ✓ Replenish essential electrolytes
- ✓ Normalize digestive rate to improve nutrient absorption
- ✓ Buffer acidosis and balance pH
- ✓ Protect digestive lining
- ✓ Binds to harmful toxins and bacteria for safe excretion
